ABOUT US

The Health Department of Allegany County, Maryland was established in 1923 and exists by law as a state public agency under the Maryland Department of Health. The organization is under the direction of the County Health Officer who, together with the entire staff of the Health Department, is dedicated to assessing and assuring that the health of community residents is protected and optimized.

The Allegany County Health Department is made up of several major divisions, including Administration; Environmental Health; Behavioral Health (Addictions & Mental Health); the Local Behavioral Health Authority (LBHA); Community Support Services Office (CSSO); Women, Infants and Children (WIC); Dental Health; Physical Health; and Public Health Preparedness. Services are provided through clinics; school and home visitation; evaluations; consultations; counseling; outpatient and inpatient treatment centers; educational presentations and campaigns; health inspections and licensing; and financial certification for specialized services. The Health Department is funded through county, state, and federal revenues and the annual budget requires the approval of both county and state governments.

Fees are charged for most services. Chargeable services are provided based on a sliding fee scale according to income. No one is denied care or treatment because of inability to pay. Health Department services are listed in the telephone directory under Allegany County Government.

VISION: *Healthy people, healthy communities.*

MISSION: *Promote physical, behavioral, and environmental health, and prevent disease and disabilities of people in Allegany County.*

VALUES: *This mission is a community-wide public health partnership achieved through:*

- *Building safe and healthful communities for people in Allegany County.*
- *Assuring needed services are available and accessible through:*
 - ◊ *Assessing and monitoring health status;*
 - ◊ *Networking and building community partnerships;*
 - ◊ *Advocating and developing policy to resolve health needs.*
- *Delivering appropriate direct services in a manner that is:*
 - ◊ *Consistent with highest professional standards;*
 - ◊ *Sensitive to local values and community acceptance;*
 - ◊ *Responsive to client needs;*
 - ◊ *Respectful of client dignity and freedom of choice;*
 - ◊ *Comprehensive by addressing the physical, emotional, and social needs of the client and significant caretaker;*
 - ◊ *Empowering people toward independence and individual responsibility.*
- *Promoting personal and community health through education and outreach.*

ADMINISTRATION

The Administrative Division contributes to the overall operation and management of the entire Health Department. Led by the Health Officer, Medical Deputy Health Officer, and Administrator, this division is responsible for collecting data and monitoring public health in our communities. This planning function works to improve availability and access to needed services for county residents by partnering with relevant organizations and agencies.

Administrative functions include Human Resources; Purchasing; Accounting and Fiscal Management; Information Technology, Timekeeping and Payroll.

BEHAVIORAL HEALTH SERVICES

Our mission is to provide comprehensive, high-quality mental health, addiction and prevention services to adults, adolescents and children. Services are personalized, accessible, efficient and effective. We work with the community we serve in achieving our mission.

General Information: 301-759-5040

E-Mail: achd.eh@maryland.gov

HEALTH PLANNING

Mission and Staff:

The Health Planning Department uses data and community input to formulate strategies, and develops community partnerships to improve the health and wellbeing of all individuals in the county.

Services Provided:

- Serves as co-chair of the Allegany County Local Health Improvement Coalition (LHIC) which is responsible for conducting community health needs assessments, building partnerships within the community, and developing the County Health Improvement Plan (CHIP). <https://alleganyhealthplanningcoalition.com/> or 301-759-5259
- Health Department initiatives focusing on health equity, quality improvement, and the ACHD customer satisfaction. 301-759-5090
- Community Health Partnerships and Special Programs- 301-759-5003 Provides coordination and outreach with community partners and ACHD community events. Oversees grant work relating to health equity and marginalized populations. Oversees the community health forum Allegany Speaks (<https://alleganyspeaks.com/>) providing a conversation platform for important health issues.

Hours of Operation:

Monday- Friday 8- 4:30

LOCAL BEHAVIORAL HEALTH AUTHORITY

Mission and Staff:

The Local Behavioral Health Authority (LBHA) is the designated county authority responsible for planning, managing and monitoring the county's publicly funded mental health and substance use disorder services for individuals in Maryland's Public Behavioral Health System (PBHS). The PBHS provides behavioral health services to individuals with Medical Assistance and to individuals who are uninsured and meet established criteria. Additionally, the LBHA provides a number of behavioral health support services described below. The LBHA is located on the first floor of the Willowbrook Office Complex.

LBHA Core Functions: 301-759-5070

- Planning, managing and monitoring the development and delivery of services provided through both Maryland's fee-for-service system and through purchase of service contracts with local providers.
- Supporting and promoting behavioral health wellness, recovery and resilience and providing public education and stigma reducing activities.
- Providing advocacy services for individuals within the public behavioral health system to assist them with accessing needed services.

Who Is Eligible:

Education and referral services are available to anyone involved with or interested in knowing about Maryland's Public Behavioral Health System.

Community Criminal Justice New Horizons Re-Entry Program: 301-759-5096

Assessment, release planning and aftercare services for inmates with a mental illness who are being released from any jail or prison and returning to Allegany County.

Projects for Assistance in Transition from Homelessness (PATH):

301-759- 5111

Provides assistance in locating housing resources to individuals with mental illness who are eligible for Maryland's Public Behavioral Health System and who are homeless and/or being released from incarceration.

Who Is Eligible:

Services are available to individuals with Medical Assistance or are uninsured, are currently or at imminent risk of being homeless, and have a serious mental illness diagnosis.

State Care Coordination: 301-759-5110

Maryland State Care Coordination services are available to adults who are being discharged from residential substance use treatment (Levels 3.7, 3.5, 3.3 or 3.1) and who reside in Allegany County. State Care Coordination is designed to expand access to a comprehensive array of community-based recovery support services for individuals in varying stages of recovery. All services are designed to assist recipients in remaining engaged in their recovery while promoting independence, self-sufficiency, and stability as they transition back into their communities. In order to be enrolled in the program, a consumer must meet eligibility requirements, must have independently chosen to enroll and participate in the program, and must be referred through a designated portal/access point.

NUTRITION SERVICES

Mission and Staff:

The ACHD Nutrition Program is dedicated to promoting health and well-being in Allegany County. Our initiatives are designed to improve health outcomes, ensure access to healthy foods, and strengthen our local food system. Our staff includes one registered dietitian nutritionist and one office clerk.

Services Provided:

- Group nutrition education classes held at ACHD and throughout the county
- Nutrition counseling for ACHD program participants

- Collaboration with community programs to improve the food system and overall health, including the Western Maryland Food Council (WMFC), Maryland Food System Resiliency Council (FSRC), University of Maryland Extension (UME) Advisory Committee, and Allegany College of Maryland's Community Resilience Network (CRN)

Hours of Operation:

Monday through Friday, 8 a.m. – 4:30 p.m. Some classes held from 4:30-5:30 p.m. Other times available by appointment only.

Contact: 301-759-5270

PHYSICAL HEALTH SERVICES

Mission and Staff:

Physical Health Services are designed to promote healthy people in healthy communities through a variety of programs designed to serve all ages: children, adolescents, adults, and the elderly. Offices are located on the first floor of the Willowbrook Office Complex (WOC) building. Depending on the program, services are provided in clinics at the WOC location, in client homes, and in public schools.

ADULT SERVICES

Assessment Evaluation and Review Services (AERS): 301-759-5210

Provides assistance to aged and functionally disabled individuals who are at risk of institutionalization. AERS staff conducts a comprehensive evaluation to identify services available to help the individual to remain in the community, or in the least restrictive environment, while functioning at the highest possible level of independence and personal well-being. AERS also administers the Nurse Monitoring Program for Community Personal Assistance Services (CPAS), Community First Choice (CFC), and Community Options Waiver (COW) participants.

Breast and Cervical Cancer Services: 301-759-5083

Provides breast cancer screening services to low income, uninsured women aged 40 and older and cervical cancer screening to women aged 21 and older. Must reside in Maryland and meet income requirements. Provides payment for screenings (breast exam, mammogram, Pap test), and diagnostic testing if needed. Will also provide treatment services for breast or cervical cancer. Also provides the same services to persons with health insurance in order to assist clients with completion of screenings and can provide transportation to and from appointments if necessary.

Colorectal Cancer Screening Program: 301-759-5083

Provides colorectal cancer education, screening, diagnostic, and treatment services to low income persons aged 50 and older. Will provide services to persons younger than 50-must have a referral from a healthcare provider. Must reside in Maryland and meet income requirements. Program also provides the same services to

persons with health insurance in order to assist client with completion of screenings and can provide transportation to and from appointments if necessary.

HIV Testing Services: 301-759-5138

Provides free confidential HIV counseling and testing Monday through Friday from 8 a.m. to 12 p.m. and 1 p.m. to 3:30 p.m. Quick testing with results determined in 1 minute.

HIV Clinic and Case Management: 301-759-5085

Provides medical case management services to Maryland residents who test positive for HIV. Johns Hopkins University provides clinical HIV specialty care to enrolled clients two days per month.

Immunization Clinics: 301-759-5138

The ACHD provides a variety of childhood, adolescent, and adult immunizations. Clinics are held Wednesdays from 1 to 4 p.m. No appointment needed. Bring insurance information and any immunization records, if available.

Lung Cancer Screening Program: 301-759-5083

Provides lung cancer education, screening, diagnostic and treatment services to low income persons aged 50-80 who presently smoke or recently quit smoking. Must have a long history of smoking. Must reside in Maryland. Program will provide payment to see a healthcare provider to discuss lung cancer screening and a low dose CT scan. Must be uninsured, or have health insurance that does not cover lung cancer screening.

Persons with lung disease, environmental exposure to radon or other chemicals or a family history of lung cancer may also qualify for a no cost lung cancer screening.

Maryland Cancer Fund: 301-759-5083

Provides grants to assist Maryland Residents with payment for cancer treatment or for diagnostic testing to rule out cancer. Cancer must have been diagnosed in the last 6 months. Must meet income requirements. This fund is made possible through Maryland taxpayer donations.

Overseas Immunization Clinic: 301-759-5138

By appointment. Review and provision of immunizations for overseas travel. If possible, call at least one month prior to travel to schedule an appointment.

Skin Cancer Screening Program: 301-759-5083

Provides skin cancer education, screening, diagnostic and treatment services to low income persons aged 19 and older who have a personal history or family history of skin cancer, or who have skin changes such as mole that has grown in size, changed in color, or has jagged edges/is irregular in shape. Must reside in Maryland. Must be uninsured, or have insurance that does not cover skin cancer screening. Program will pay for a visit with a dermatologist for a skin cancer exam.

STI (Sexually Transmitted Infections) Clinic: 301-759-5245

Confidential STI/HIV testing and treatment. Clinic every Tuesday from 8

a.m. to 10:45 a.m. and 12 noon to 3:00 p.m. No appointment needed.

Additional Clinical Information: 301-759-5112

CHILD AND ADOLESCENT SERVICES

Administrative Care Coordination Unit (ACCU) Ombudsman: 301-759-5094

Provides help to Medical Assistance clients with understanding and access to the managed care system; follow-up of non-compliant clients. Provide education to Maryland Medical Assistance patients including enrollment into Healthchoice MCOs, coverage, and benefits. Ombudsman handles more complex issues, hard-to-reach clients, and non-compliance issues.

Children and People with Special Health Care Needs (CPSHCN): 301-759-5079

Telephonic care coordination services for special needs children and youth who have or are at increased risk for any chronic physical, developmental, or emotional condition.

Genetics: 301-759-5079

Provides genetic consultation, diagnosis and monitoring for special needs children and youth. Clinical services are provided by the University of Maryland Hospital Center and ACHD staff.

Healthy Families Allegany County: 301-759-5079

Home visiting program designed to support expectant mothers and new families. Our staff consists of experienced Maternal-Child Health Nurses and Preschool Early Educators to help you where it matters most. We will support you in the topic of your choice at each visit. Whether it be the next milestone, a behavior concern, a health question, or a crisis situation, we will be there to support you by providing answers, suggestions, or just a listening ear from a trusted adult you can count on. HFA staff are relationship builders, helping parents develop strong connections with their children and community while improving the parent-child bond. We can help you focus on your goals, meet your needs, and set your child up for long-term life success. During your enrollment in the program (pregnancy through age 3) we will offer activities, milestone-appropriate toys and items, fun family events, referrals as needed, and get your child set up for transition into preschool if desired.

Infants and Toddlers: 301-759-5081

Collaborative effort with the Allegany County Board of Education and the Allegany County Department of Social Services. The program provides home visits for OT, PT, speech, special instruction, and service coordination to developmentally delayed children birth to 4 years of age.

Maryland Medical Assistance Eligibility Unit: 301-759-5076

Assists clients with the online application process in the Maryland Health connection. Assists with resolving eligibility and certification problems for MCHP, Medicaid, and Qualified Health Plans. Health care coverage plans are available for income-

qualifying children, pregnant women, and adults under age 65.

School Health: 301-759-5088

The School Nurse Program provides students and faculties in 22 schools with a multitude of health and medical services, including: caring for the sick and injured, administering and monitoring medications, health counseling, education and screening.

Surveillance and Maternal Child Health Initiatives: 301-759-5079

Facilitates the local Fetal/Infant Mortality Review Board with evaluation of all fetal and infant demises. Facilitates the local Child Fetal Review Board with the evaluation of child deaths referred by the state medical examiner. Provides community education regarding the promotion of healthy pregnancy and infant care.

ELDERLY SERVICES

Senior Care Program: 301-759-5210

A program designed to help people 65 or older, who are at risk of entering a nursing home, to remain safely in the community in their own homes for as long as possible. Senior Care provides 'case management and 'gap filling funds' to purchase services for individuals who meet program eligibility requirements.

National Family Caregiver Support Program (NFCSP): 301-759-5210

As support to caregivers, the NFCSP provides short term services to eligible individuals aged 60 and older.

OTHER PHYSICAL HEALTH PROGRAMS

CHW Improving Health and Resilience Project: 301-759-5098

Community Health Workers provide chronic disease prevention resources and assistance to county residents who may be at higher risk for poor health outcomes, including those resulting from COVID-19. Provides COVID-19 supplies such as masks and testing kits, educational materials related to a variety of chronic diseases and assists clients in need of various community resources.

Infectious Disease/Outbreaks: 301-759-5125

Investigation, consultation, and disaster response. Services available 24 hours/day, 7 days/week.

Prevention Services:

Prevention Services is an 'umbrella' of programs with the goal of reducing injury and disease through public education and awareness. The staff includes one registered nurse and an outreach worker.

Tobacco Cessation: 301-759-5093

Focuses on tobacco and nicotine cessation. One-on-one counseling available with a tobacco treatment specialist. No-cost nicotine replacement therapy is offered as part of the counseling services. The goal is to help clients become tobacco/nicotine free. The program also focuses on youth prevention and education, as well as education to pregnant women and women of childbearing age on the importance of being tobacco/nicotine free during and after pregnancy.

Tobacco/Chronic Disease Services: 301-759-5262

These services focus on adult and youth tobacco and nicotine cessation, youth engagement, and education on prevention of diabetes and other chronic diseases. Among the programs offered is TOPS (Taking Pounds Off Sensibly), an overall wellness, weight loss, healthy lifestyle program. Referrals can be made by local healthcare providers, or by clients themselves. The purpose of this program is to work with persons with chronic disease, with a focus on pre-diabetics, diabetics, and anyone with risk factors for diabetes. Call for more information.

Hours of Operation:

Physical Health staff is available during regular business hours, Monday through Friday from 8 a.m. to 4:30 p.m. However, hours and days for specific services may vary. Please call (301) 759-5000 for information on specific programs and services.

PUBLIC HEALTH EMERGENCY PREPAREDNESS

Mission and Staff:

The Public Health Preparedness Office serves the community by providing timely information, preventive measures, and preparedness planning for a wide variety of natural and man-made public health emergencies. This office coordinates with local emergency responders to protect the community from contagious diseases or other health threats. It is also a community resource for education, training, and information on preparedness for emergencies.

Staff includes the Director of Public Health Emergency Preparedness, the Health Department's Public Information Coordinator, and support staff. Offices are located in the Willowbrook Office Complex (WOC) building, first floor.

Information Hotline:

In a public health emergency, our information hotline may be activated. The hotline (301-759-5055) will only be activated as needed and is not normally staffed or checked for messages. In a public health emergency, check the ACHD web site (<https://www.myalleganyhealth.org>), follow our social media (facebook.com/AlleganyHlthMD and on Twitter @AlleganyHlthMD), and watch local media for emergency information and announcements about hotline activation.

Hours of Operation:

Normal office hours are Monday through Friday, 8 a.m. to 4:30 p.m.

General Information: 301-759-5019

REPRODUCTIVE HEALTH SERVICES

Mission and Staff:

The Reproductive Health Services program is dedicated to providing comprehensive reproductive healthcare throughout an individual's lifespan, ensuring equitable access to client-centered family planning, reproductive health information, education, and examinations for both men and women, and offering low-cost to no-cost contraception.

Programs and Services:

- Annual well woman exams
- Contraceptive services
- Infertility evaluation
- Pregnancy testing/counseling
- Peri- and post-menopause care
- Breast/cervical cancer screening
- Preconception counseling
- Health promotion/education
- Emergency contraception
- STI testing/treatment
- Chronic condition screening (hypertension, obesity, diabetes, anemia, etc.)

Services are confidential, voluntary, and non-discriminatory based on religion, age, race, color, national origin, gender identification, or sexual orientation. Fees are on an income-based sliding scale. Most insurances accepted. Appointments are preferred, but walk-ins are accepted.

Hours of Operation:

Monday, Thursday, and Friday, 7 a.m. to 5:30 p.m.
Tuesday, and Wednesday, 8 a.m. to 6:30 p.m.

VITAL RECORDS (BIRTH & DEATH CERTIFICATES)

Vital records requests are handled by staff at the front desk of the Physical Health division of the health department.

Birth Certificates: 301-759-5119

Birth certificates are available at the Allegany County Health Department for a \$20.00 fee. An acceptable government issued (driver's license or MVA issued) photo I.D. or U.S. Passport is required. All identification must have an issue and expiration date; no expired I.D. will be accepted. Birth certificates are provided to the person whose birth record is requested or the person's parents. Birth certificates before 1940 must be obtained from

the Division of Vital Records in Baltimore, Maryland. All legal documents (i.e. court orders, power of attorney, or notarized letter) must be sent to Baltimore with an application to obtain a birth certificate.

Death Certificates: 301-759-5017

Death certificates are issued to funeral directors for deaths that occurred after January 1, 2015. Deaths that occurred prior to January 1, 2015 can only be obtained through the Baltimore office of vital records.

Certified death certificates can be issued to immediate family members for 30 days from the date of death if they are listed as the informant on the certificate. They must present a valid driver's license, MVA-issued photo ID card, or United States Passport. All identification must have an issue and expiration date. The cost of a death certificate is \$18.00 for the first copy and \$20.00 for each additional copy.

After 30 days, a death certificate requested by a family member must be requested from the Division of Vital Records, 6764 B Reisterstown Road, Baltimore, MD 21215. The fee is \$10.00 for the first copy and \$12.00 for each additional copy in the same transaction when applying to the Baltimore office.

Assistance will be offered for other individuals seeking a copy of a death certificate.

Hours of Operation:

Monday through Friday, 8 a.m. to 3 p.m.

WOMEN, INFANTS, AND CHILDREN (WIC)

Mission and Staff:

The WIC program promotes wellness and provides nutrition education programs for Allegany County residents. Offices are located on the first floor of the Willowbrook Office Complex.

Women, Infants & Children (WIC): 301-759-5020

Special Supplemental Nutrition Program for women, infants, and children. Health assessments and referrals, nutrition education, breastfeeding support and supplemental foods for qualified families. Services available free of charge to eligible women who are pregnant or breastfeeding and families who have babies or children up to age five. We have five locations within Allegany County: Allegany County Health Department (Cumberland), Beall Elementary School (Frostburg), Lonaconing Library (Lonaconing), Allegany County Westernport Library (Westernport) and Western Maryland Health System Postpartum Unit (Cumberland).

Lead Screening: 301-759-5077

Case management services for lead poisoned children in Allegany County.

Breastfeeding Education and Support Services: 301-759-5023

Staff provides education for women and their support persons. Call for a schedule of upcoming classes. Staff are also available to assist moms and babies in getting off to a good start, providing guidance and support along the way. Staff can address any questions you may have about breastfeeding your baby. Services available to Allegany County residents and moms who deliver in Allegany County.

Hours of Operation:

Monday through Friday, 8 a.m. – 4:30 p.m. Other times available by appointment only.
